SETTLEMENT OFFER -- INADMISSIBLE PER FRE 408

**Re: Notice of Potential Liability and Consent Decree Negotiations
LCP Chemicals, Inc. Superfund Site, Linden, New Jersey
Nexus Memos Referenced in December 23, 2014 Letter**

Dear Mr. Gorin:

We write on behalf of ISP Environmental Services, Inc. ("IES") and in follow-up to our December 23, 2014 good faith offer letter to the U.S. Environmental Protection Agency ("USEPA" or the "Agency") relating to the above-referenced site ("LCP Site").

Enclosed for your review and consideration are the nexus packages for some of the additional potentially responsible parties referenced by IES in its December 23, 2014 letter. Please be advised that IES may be submitting additional nexus packages to the Agency and/or supplementing the enclosed nexus packages upon completion of its investigation and evaluation of the potentially responsible parties at the LCP Site.

As previously requested, we propose a meeting with appropriate USEPA representatives to discuss IES's good-faith settlement offer and the various nexus packages submitted by IES and Praxair. Please advise at your earliest as to when USEPA is available for a meeting.

Thank you and we look forward to speaking with you.

Sincerely,

William S. Hatfield
Director
